

IN THE SPECIFICATION:

Please further amend the paragraph at page 12, lines 5 to 10 as follows:

--In practice, in this embodiment, the XUL (XML-based User Interface Language) language syntax is used, which is intended for constructing user interfaces, and developed by the Mozilla Organisation from the XML language, in the context of the development of its Web browser: "Mozilla". The world wide web (www) site ~~www.mozilla.org~~ at mozilla.org can be consulted in order to obtain further information on the XUL language.--
